MEMORANDUM TO: PROJECT DIRECTOR

SUBJECT : Receipt of Processed Material from Eastman

25X1

25X1

25X1

1. Reference is made to [redacted] memorandum, 26 July, subject: Receipt of Material from Processing Site. As you requested, [redacted] was in contact with [redacted] on 26 July, and as indicated in [redacted] memorandum to you, he has received a rather firm statement regarding the output from Eastman during the next week.

2. I am not at all satisfied with the procedures in effect now which govern the handling and distribution of processed material. In the absence of [redacted] I have asked [redacted] to go into the problem of the handling and distribution of processed material. I feel that in addition to any deficiencies in the system at Eastman our instructions and procedures are inadequate. [redacted] plans to go to Eastman this week to get a look at the situation there and upon his return plans to follow through with Material, Security, and other offices involved in establishing proper procedures.
